Off Limits times/areas, General regulations: Banks lake will be “off limits” from 4pm, Friday, April 20th for all participants. Following the day one weigh in, boats may not go back out on Saturday. No fishing is allowed inside the log boom of the host marina, over the buoys’ at the north inlet, no angler may leave his/her boat to land a fish. All fishing must be done from an inspected boat. No fishing within 50’ of an anchored boat without their permission. If an anchored vessel allows a boat in, any boat may enter the area without complaint. Only registered event anglers may be in each boat. Rest stops may be conducted, but all angling must stop until all anglers registered to that boat have returned. Anglers may need to OPT out during the event; this may be especially true for our junior anglers. In that event, if the tournament director and weigh master can be reached, and the scales are available, youth weights will be recorded for daily prizes. Adult anglers opting out will forfeit their chance for prizes. All other anglers must present their fish during the designated weigh in to remain qualified for the grand prize.

Check in for weigh in: An official timekeeper, (wearing an orange vest) will be posted at the entrance of the marina. The official time for each boat will be logged at the time it comes “off Pad”. Each boat must clearly display their boat number to the time keeper. If there is a time issue, the time keeper will signal the boat with an orange flag. It then is the boater responsibility to contact the timekeeper and resolve any time issues prior to weigh in. If the time keeper reports a time issue to the weigh master, it will affect the weight of all fish on that vessel. An 8 ounce penalty for each minute late will be enacted on each qualifying fish, up to ten minutes, at which point, all weight will be lost. Only One, (1) fish in each category may be weighed for each angler. Walleye must meet the 12” minimum length to be weighed in, any short walleye will be rejected. There is a 12” minimum length requirement for Smallmouth Bass and Rainbow trout as well. Walleye, smallmouth bass, presented alive for weigh in must be released. Rainbow trout may be retained, no dead fish penalty will be imposed on rainbow, Dead Smallmouth or walleye will have an 8 ounce penalty deducted from the total weight of the dead fish. Dead fish must be retained, discarding a dead fish to avoid penalty is both unsportsmanlike and illegal. Fish that appear to be frozen or display foul hooking will result in disqualification of that angler. Weigh master/tournament directors rulings are final.

Information sharing/communications: During the off limits period, and the event, anglers may not solicit and or receive fishing information from anyone other than those registered on their boat. The purchasing or bartering information or the hiring of services will not be tolerated and will result in disqualification. Communications, including cell phones, CB radios, VHF radios or any other communication device may only be used in an emergency, to check weather, to report malfunctions or check time.

Prizes and responsibilities: Each day, the heaviest Rainbow trout, Walleye and Smallmouth Bass, in each age class, will be awarded prizes. Junior anglers will receive product prizes valued up to \$200.00 for each winning fish. Junior anglers will receive up to \$400.00 in prizes for each day’s heaviest 3 fish string.
